REAL ESTATE

## 11 Moffatt Street IPSWICH QLD

3 1

Behind that traditional white picket fence you'll find a beautiful home in a location that boasts ultra-convenient access to all that you could ever need. This renovated circa 1912 home is loaded with charm and unique appeal and sits comfortably on a 632sqm allotment in the heart of our great city.

Having been tastefully renovated but still retaining all of its classic features - tongue and groove walls, gleaming timber floors, sash windows and soaring ceilings among them - this home embodies all of the qualities that homes in Ipswich are known for. With a recent replumb and repaint, there is nothing for you to do here except move in and unpack.

All three of the bedrooms are very generously sized (common in homes of this era) and showcase those
