There are a total of three bedrooms on the upper floor, all of which feature built in wardrobes and ceiling fans and are a great size. The main bedroom is huge and it, along with one of the other bedrooms, has air conditioning to keep you in climate controlled comfort year-round. All bedrooms are serviced by the tiled bathroom with shower-over-bath combo, modern vanity, separate toilet and heaps of linen storage - you'll never have to go running through the house to find a towel again! Next to the stairs down to the middle floor you'll find a study nook that overlooks the large living room.
