

CROWNE

REAL ESTATE

138 Collingwood Drive COLLINGWOOD PARK QLD

3 1 1

Situated between Brisbane CBD and Ipswich CBD on a spacious 754sqm allotment, this lowset brick home is ripe for the market! The outstanding location is certainly one of the major selling points, though the home itself leaves little to be desired.

There are three bedrooms in total, all of which are carpeted and come with ceiling fans and built-in wardrobes. They are serviced by a bathroom with a separate shower and bathtub plus a separate toilet.

The tiled lounge room is a great size, and the tiled dining room is very generously sized indeed and leads through to the kitchen. Here you will find an impressive amount of storage, a freestanding electric cooker, a dishwasher and a view out to the huge covered outdoor area at the rear of the home. This outdoor space is ideal for entertaining friends

Price : \$ 300,000
