This gorgeous property is hot off the press.

In its final stages of build and will be ready in a couple of weeks.

What you will love about this home is not only the space and the layout, is that you can choose from either using it as a 5 bedroom home or have 2 large spacious living areas. What ever your family requirements are. Not many homes have this option.

The main living area boosts a large sized lounge area and to the side a separate dining area. Nice big air conditioner to keep you comfortable all year around.

Open plan living style so you can make the most of family time.

Modern kitchen as you would expect in a new home, the kitchen comes with a large gas stove which is currently being installed as we speak. Making any chef's heart sing. Large walk in pantry and plenty of cupboard and bench
