The moment you walk through the front gate, you will know that you have definitely found something special. This expansive home flows over two spacious levels, offering a multitude of indoor and outdoor spaces and is ideal for those with large families.

Upon entry to the upper level of the home, you will find a spacious tiles living room complete with wood burner. From here you lead through to the kitchen which is without a doubt the absolute star of the show! Designed for those who love to entertain their guests with culinary delights, this spectacular kitchen hosts a suite of quality stainless steel appliances including electric cooktop, two ovens, a steamer, built-in coffee machine and two dishwashers. An expansive island bench offers a breakfast bar seating for 6, while the kitchen itself offers more bench and cupboard space than you could possibly ever use.
