Have you been thinking lately that your home is just too big for just yourself and your husband after the kids have moved?

Price : \$ 220,000

Are you thinking of travelling but don't want to leave the house behind to fall apart and find when you return that the front lawn looks like a jungle?

If you are anything like me and when someone mentions a two bedroom plus study villa in a gated complex, you automatically think of a pokey little place where everyone lives in each others pockets??WELL THINK AGAIN!!!! This place is affordable and best of all you can interact with other residents or just keep to yourself.
